

**Табела. 9.6.** Компетентност наставника

| <b>Име и презиме</b>   |   | Милица Миловановић  |        |                                     |
|--|---|---|--------|-------------------------------------|
| <b>Звање</b>   |   | научни саветник   |        |                                     |
| <b>Ужа научна област</b>   |   | Физика кондензоване материје                              |        |                                     |
| Академска каријера   | Година  | Институција   | Област | Ужа научна односно уметничка област |
| Избор у звање  | 2011.   | Институт за физику  | физика |                                     |
| Докторат   | 1996.   | Yale University   | физика |                                     |
| Магистратура   |   |   |        |                                     |
| Мастер диплома   |   |   |        |                                     |
| Диплома  | 1985.   | Универзитет у Београду                                    | физика |                                     |
| <b>Списак предмета које наставник држи на докторским студијама</b>   |   |   |        |                                     |
| P.Б.   | Ознака  | Назив предмета  |        |                                     |
| 1.   | ФИЗДФКМ2  | Квантна теорија поља у физици нискодимензионалних система |        |                                     |
| 2.   | ФИЗДФКМ10   | Физика суперпроводности                                   |        |                                     |
| <b>Најзначајнији радови у складу са захтевима допунских услова стандарда за дато поље (минимално 10 не више од 20)</b> |   |   |        |                                     |
|  | M. Milovanović, S. Sachdev, and R.N. Bhatt, <i>Effective-field theory of local-moment formation in disordered metals</i> , Phys. Rev. Lett. <b>63</b> , 82 (1989)   |   | P      |                                     |
|  | M. Milovanovic and N. Read, <i>Edge excitations of paired fractional quantum Hall states</i> , Phys. Rev. B <b>53</b> , 13559 (1996)  |   |        |                                     |
|  | S.H. Simon, E.H. Rezayi, and M.V. Milovanović, <i>Coexistence of composite bosons and composite fermions in <math>v = 1/2 + 1/2</math> quantum Hall bilayers</i> , Phys. Rev. Lett. <b>91</b> , 046803 (2003) |   |        |                                     |
